This document may contain statements, assumptions, and forecasts based on information available to the authors at the time of its creation. The authors and EVA Service GmbH assume no obligation to update these statements in light of new information or future events. Forward-looking statements are inherently subject to risks and uncertainties.

Despite careful preparation of this document, the authors and EVA Service GmbH do not guarantee its completeness, accuracy, or timeliness. The matters presented in this document are for illustrative purposes only and do not provide any predictions regarding future developments. The authors and EVA Service GmbH assume no responsibility for actions and decisions made based on the information provided.

Reproduction, distribution, publication, or modification of this document, in whole or in part, especially in electronic or other printed publications, is not permitted without prior written consent from EVA Service GmbH.

The operational business is managed by EVA Service GmbH, a subsidiary of the Ecosystem Value Alliance Foundation. The foundation's purpose is to promote environmental and climate protection in the public interest and to support public education in these areas.
